

## Dist. 36 To Vote On Tax Increase

Saturday, February 4th the voters of School District 36 will be going to the polls to vote on the 21c education tax rate increase.

The polls will be open at Grass Lake School from noon to 7:00 p.m. Eligible to vote are registered voters living in the school district. Superintendent John Schockmel said that a public meeting was held January 23, at the Grass Lake School. Robert Hart, School Board President, gave out some data concerning the increase and then told the group the needs of the school and why the increase was needed. A question and answer period followed. "Only four people showed up for the meeting," stated President Hart. "It becomes a little discouraging when only a handful come out to get the facts and have the opportunity to air their views." The increase, if approved would bring the total educational rate to \$1.04 per \$100 assessed valuation. "Our educational tax rate was the lowest in 1964 of any elementary school district in the county," Schockmel stated. "The district's total rate of 1.157 was the second lowest out of the 44 elementary districts in Lake

County at that time also. "Because of this low rate which the district has had for many years and because of the increase in student population of 20 students per year for the last 9 years, the educational fund has run into the red for \$30,000. The Board feels that the district is at a point where it can no longer operate in the red and thus more funds are needed."

If approved the increase would yield the district about

\$15,000 in additional tax money. Mr. Schockmel made it clear that this money would only be used for the purpose of educating the children. It would not go for transportation or for building or maintenance of the building. The Board of Education hopes that more parents will come to the polls as the children are the ones who are affected by the interest of the community.

### Business Students On Radio Program

The Business Education Department of Salem Central High School presented a fifteen minute program for Lake Geneva Radio Station WMIR Saturday, Jan. 21 at 12:45. On the "Know Your

School" program, the advanced typing class typed to music at 3 different speeds emphasizing importance of rhythm and speed.

Several teachers participated in taping the program. These included Mrs. Marion Tierman, Mrs. Ruth Merrill, and Henry Frank.

## Reject Hiring Of Promotion Co.

Antioch's Diamond Jubilee will be carried on without the aid of professional planners. This was the decision

last Monday night at a meeting of business and civic leaders of the community.

Sid Eckdahl, a representative of Rogers Co., was at the meeting and gave the group figures on the cost of hiring the promotion company to plan the events. He estimated the gross income of approximately \$20,000 with expenses of about \$12,000, \$5,950 going to the Rogers Co., and an estimated \$8,000 profit for the community, based on his figures.

Main feature of the celebration, as planned by the Rogers Co., would be an historical pageant. The celebration would last a week, with various events planned throughout.

This is the third meeting of community leaders with Mr. Eckdahl. Representatives of most clubs and civic organizations were present at the meetings, also business representatives and Mayor Ray Toft.

Under the Rogers Co. plan, local people would do all the work of preparation and organization of events, with the promotion company supplying a program of events that they have found to be successful in celebrations in other towns.

Most of those present at the meeting seemed to feel

that as long as local people would have to do all the work, anyway, the money could be put to better use in financing preparations.

Although the date for the next meeting to further plans for the celebration was not set, such a meeting was suggested.

Antioch will be celebrating the 75th anniversary of its incorporation as a village this year. The Diamond Jubilee celebration is planned for either July or August.

Some detective work on the part of Mayor Ray Toft, owner of Ray's Shell Service, forestalled a car theft by two juveniles last Saturday night.

Two boys came into his gas station and bought a can of gas Saturday night. When they came back for a second purchase of gas, Ray became curious and asked them where they were stalled. "On Main St.," they replied.

Ray had just towed a stolen car from Main St., taken from the Earl Stringer lot and abandoned. So he watched as the boys left and noted that they walked west on Lake St., away from Main St.

Ray got into his car and drove to the Laundromat at the corner of Rts. 59 and 173, passing the boys. Eventually he found one of the boys in the lot of the Antioch Motor Sales, apparently preparing to make off with a car.

He turned the one juvenile about 14 or 15 years old, over to Antioch police, and found the other at his home. Two other boys were subsequently implicated.

### ACHS Grad Gives Talk On Genetics

A 1960 graduate of Antioch High School, David Hunsaker, was among the featured speakers at the annual meeting of the Interstate Genetics Seminar at Colorado State College January 20.

Hunsaker is a Colorado State College graduate student and is a biology major. His home is in Mundelein.

At the Seminar, Hunsaker reported on his research indicating an inherited sensitivity to high energy radiation on the part of a small aquatic worm known as planaria.

An important finding in this research was that while human beings cannot tell when they are being exposed to such radiation, these small worms have some way of knowing when they are being exposed to cobalt-60 radiation and will move away from the radiation to safety under a lead shield.

This reaction appears to be transferred to other worms when the trained worms are cut up and fed to untrained worms, Hunsaker reported.

Hunsaker is now working on his Doctorate. He received his BA at the University of Denver in 1964 and taught mathematics for a year at Oakland School, part of the Antioch Grade School system.

Before the snows fell members of Lake Villa Veterans Club held ground-breaking ceremonies for the new addition to their building. Left to right, Rosella McCarthy, Kay Kastings, Lovina Fetter (president of the V.F.W. Auxiliary), Francis Barnstable, first president of the Auxiliary, Tony Sciacero (1st commander of the V.F.W. Post), Leo Keisler (president of Lake Villa

Veterans Club), Mayor Don Cremin, contractor Frank Benes, architect Charles Buccola, and Al Fronck. Back row, l. to r., Evelyn Whitmore, Marge Suhling, Ed Fleming, Robert Whitmore, senior vice commander of the 5th District, Art Fetter, present commander of the V.F.W. Post, and Charles Gelert.

### Tryouts For PM&L Play

Josef Hunley, Director of PM&L's April production of "The Remarkable Mr. Penny-packer," announces that tryouts will be held Sunday, February 12 from 2:00 to 3:00 p.m. and on Monday, February 13, at 8:00 p.m. at the PM&L theatre, 877 Main Street.

This play is a comedy and there are 20 roles to fill. Six children, ranging from 8-16 years of age are needed, and there are many good character roles. No previous experience is required — just that big desire to be in a play.

### More Snow On Tap

Antioch street crews are removing last week's heavy snowfall from the village streets as this week's paper goes to press, while the weather forecaster promises us more of the same.

Latest forecast is a possible six inches of snow starting late Wednesday, with strong winds and possible sleet.

Main roads in Lake County were clogged with drifting snow last Friday. Area schools were closed. Many industries in Lake County closed Friday, as workers couldn't get to work.

Roy Kufalk reported 8½ inches of snow was the official measurement Fri. However, drifts made the depth of the snow much deeper in spots.

Winds were reported to be around 50 miles an hour late Thursday and most of Friday. The Antioch-Lake Forest basketball game was cancelled and has not yet been re-scheduled.

Chicago was in much worse shape than Lake County, of course, with 23 inches of

### Rescue Squad Calls Made

The Antioch Rescue Squad aided the following people recently: Jan. 22, Ronald Givens, 30, of Des Plaines, injured in a car accident near the California Inn at Channel Lake. Taken to the doctor's office, treated for a laceration on the forehead.

Jan. 23, Lillian Rothers, 888 Hillside, taken to Victory Memorial Hospital, suffering from asthma.

Jan. 26, Lillian White, taken to Victory Memorial, difficulty in breathing.

Jan. 27, Margaret C. Richardson, Channel Lake, taken to Victory Memorial, possible

broken ankle, rib and shoulder.

Jan. 27, Vera Mirocko, Rt. 2, Antioch, taken to the doctor's office after being found unconscious.

Jan. 28, Minnie M. Smith, Rt. 1, taken to St. Therese after a fall in her home.

Jan. 31, Ray Becker, 58, Twin Lakes, Wis., taken to the hospital after difficulty in breathing.

There was no mail delivery in Antioch Friday, and Chicago mail started coming into the village slowly Saturday. No Chicago papers were distributed outside of the loop Friday, but Chicago papers were delivered in the Antioch area Saturday.

## Band Parents Fund For Trip Grows

With a successful bake sale behind them, the Antioch Grade School Band Parents are busy with details of further money-raising projects.

Band Director George Olsar announced receipt of a letter confirming the band's appearance at the Canadian World Exhibition in Montreal. The letter, from Richard d'Anjou, Special Events Officer, said: "I am happy to confirm that the Antioch Grade School Band has been accepted to represent the United States in the Special Events Program of the Canadian World Exhibition at Montreal on June 27, 1967."

The Screening Committee reports that you have a very good band and that your suggested program is satisfactory.

The Band was invited to play at the Canadian Exposition after being recommended by Governor Otto Kerner. Recordings of the band's performance were sent to the Exposition officials, after which their performance at Expo 67 was approved.

Securing approval of the Board of Education for the band's trip hinged on insurance arrangements. These

details were finally ironed out at the last meeting of the Board, and full approval given.

Now the Band Parent's Association is working on numerous projects to raise money to finance the band's trips. Each student will pay a certain amount of his own expenses. The Band Parents Association will pay the rest.

A spaghetti dinner at the Antioch Grade School cafeteria is planned for Feb. 20, to be followed by a rummage sale in March. Tag Day for the band will be held early this summer so that proceeds can go to help the fund.

Town & Village Candidates Still Unopposed.

No further petitions for township offices have been filed, according to L. R. Van Patten, town clerk. Lloyd Murrie is still the only candidate for township supervisor and Blaine Ring's candidacy for Road Commissioner is unopposed.

A petition for a member of

### AFS Buffet Party To Honor Foreign Student

The American Field Service Organization will hold its monthly meeting on Thursday, Feb. 2 at Antioch Community High School in room 108 at 8:00 p.m. All those interested in learning more about AFS—or who might be interested in becoming a host family for next year's foreign exchange student—are especially invited to attend.

Final plans will be made for the Deluxe Dessert Buffet which will be held at the high school cafeteria on Tuesday, February 14, at 7:00 p.m. Diana Maria Stagg, our present foreign exchange student, will be honored; the AFS program will be explained; and a very interesting program has been planned, according to Mrs. Robert Jensen and Gary Strahan.

Active members in the AFS organization are hoping that many individuals and members of business and civic organizations of the high school area will show their interest and support by attending this special event.

"The AFS program should be a joint high school and community project," states Mrs. Leslie Sorensen, president of AFS.

An opportunity will be given for any person or organization to make a financial donation at the dessert buffet, and special AFS banners will be given to all donors. All persons planning to attend should call Mrs. Robert Jensen (395-0539) or Mrs. Roy Nelson (395-1807) to make reservations.

broken ankle, rib and shoulder.

### First National Elects Two New Directors

The annual stockholders and Directors' meeting was held at the First National Bank of Antioch at 2 p.m., January 25. Two new directors were elected at the meeting, Edward C. Jacobs, local attorney, and LaVerne M. Woods, the new executive vice president.

Other members of the Board of Directors are Russell Barnstable, Mrs. Lorraine Schroeder, William E. Schroeder III, Edwin Sletten, Edmund Vos, Elmer Stentner and W. C. Petty.

The two additional members were elected to the Board in line with its new policies.

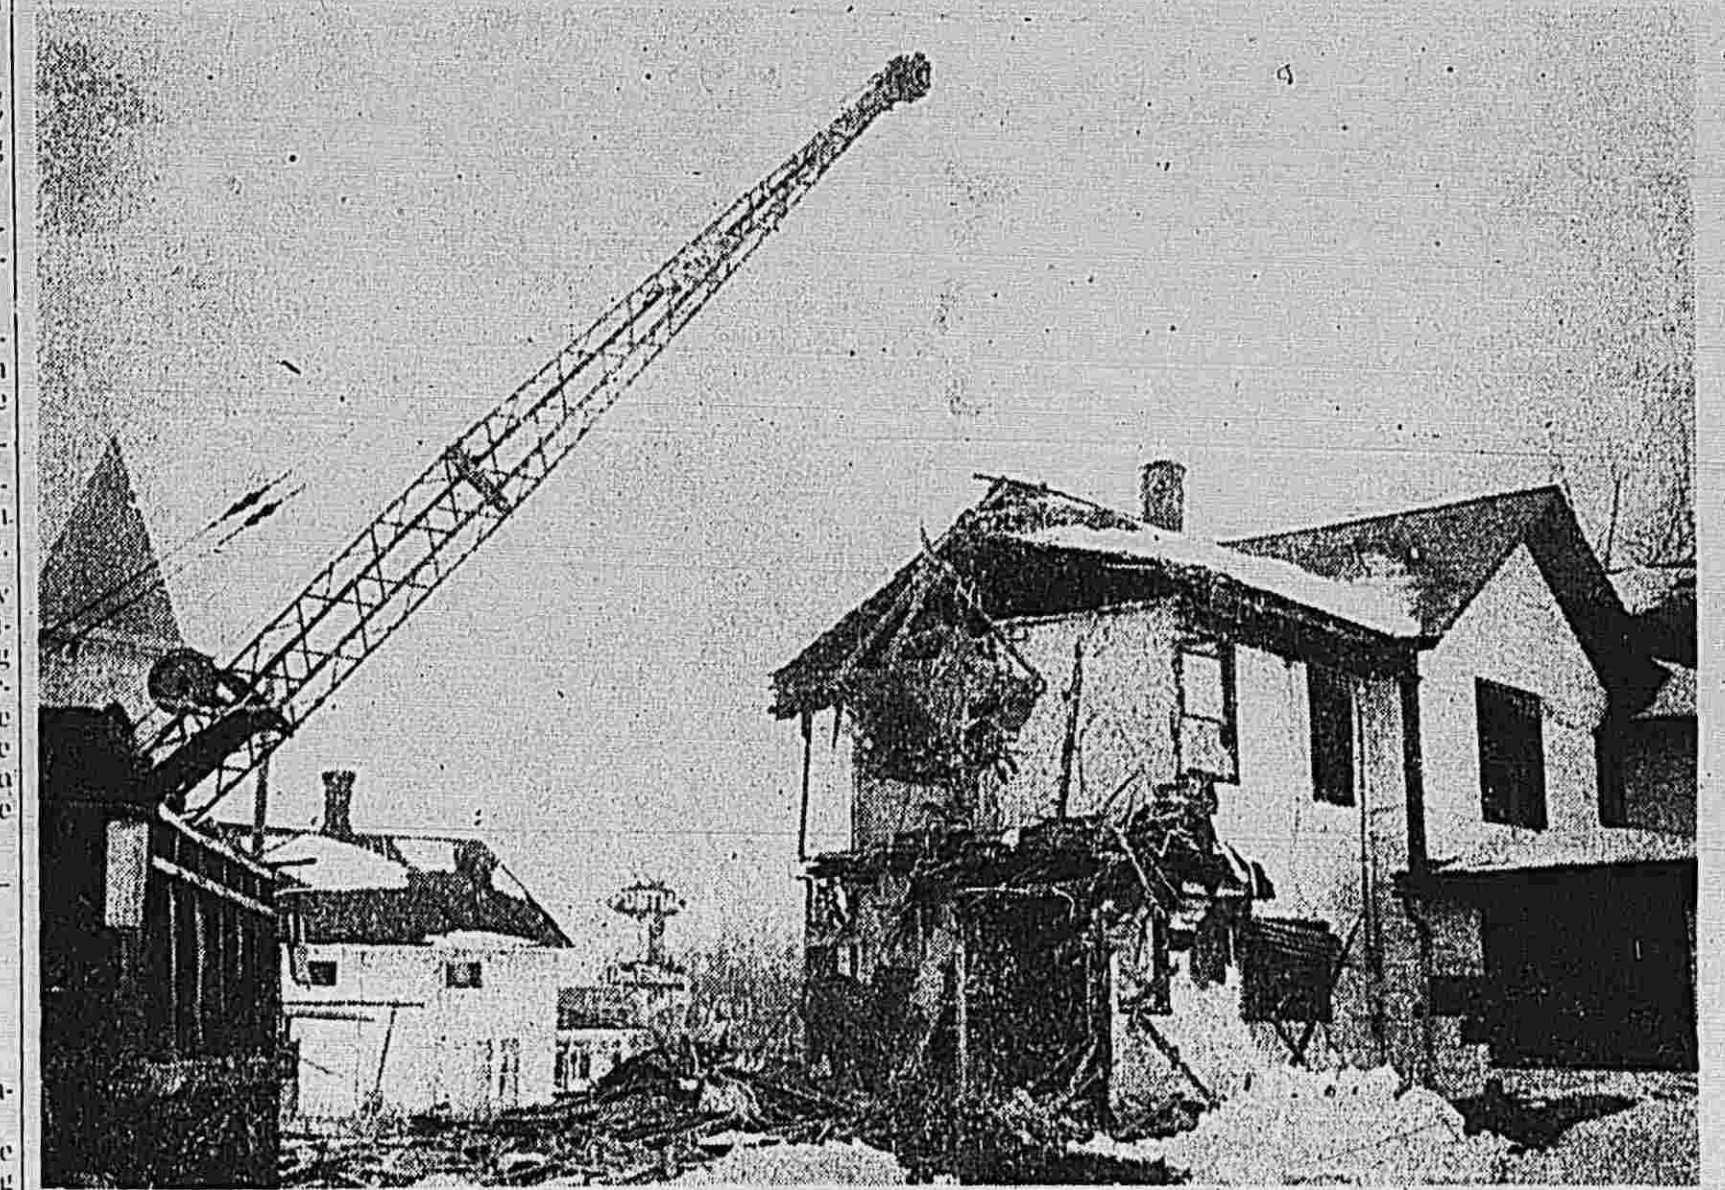

The stockholders were brought up to date on the new building and move to the new location, new equipment and methods of operation at the bank. The bank is now taking advantage of a computer center for checking accounts, etc. The new methods, said Mr. Woods,

make for faster and more efficient service to the customer.

The stockholders were also given bank reports comparing the past five years. It was reported that loan demands have been good for the last year.

Because of high interest rates, bank officials said, savings deposits increased much more than demand deposits. The outlook for the next year is optimistic, it was concluded, as the First National continues to grow and serve the community, customers and stockholders.

A board meeting was held immediately after the stockholders' meeting. Officers were elected and committees appointed. Russell Barnstable is president of the bank; LaVerne M. Woods, executive vice president; Walter Daniels, assistant vice president; Dale Starkey, cashier, and Edwin Sletten and Elmer Rentner, vice presidents.

Make way for the new. The old hotel which has stood on the corner of Main and Broadway since about

1890 is being demolished. Workmen started wrecking work Tuesday. A new gas station will be built on the site.

## The End Of A Landmark

A wrecking firm started to demolish an Antioch landmark Tuesday—the Mortensen Hotel, which has stood on the northwest corner of Main and Orchard St. since about 1890.

A Phillips 66 Service Station will be built on the corner where the hotel has stood for so many years. The property was purchased from Chris and Betty Mortensen, owners of the hotel for the

last 25 years, by the Phillips 66 Company.

Re-zoning of the property so that the station could be built was the first rezoning case to come before the new Antioch Zoning Board of Appeals.

The hotel was built by Lyman B. Grice about 1890, to serve Chicago summer visitors to the Lake region at a time when most of the vacationers came from the city

by train. A horse-drawn carriage picked up the hotel guests at the railroad station, and also carried them to hotels around the various lakes. A daughter of Lyman Grice, Marguerite Grice Nelson, still lives in Antioch.

The hotel was sold to Charles Lux about 1902. The property later was purchased by Barney Naber, then by Arthur Edgar. Edgar sold it to the Mortensens.

Since the hotel was vacated last October, there are no hotel accommodations in Antioch, though there are motels near the village.

The Phillips 66 Co. plans to build one of its top model service stations on the property, with two service bays and a canopy covering the service area. Construction will probably start as soon as the weather permits.

## Nature vs. Man

Every once in a while, Nature slaps us with a reminder of how puny man and his machines are in comparison to the forces Nature can release.

The recent snow storm in the midwest shows how helpless man is before a storm. And the more mechanized we are, the worse the situation becomes.

The machines that speed up our life in normal weather turn into enemies when Nature takes over. Cars that have brought us miles from our homes are suddenly useless. We're left stranded, not properly dressed to brave the weather and with no tools to help us.

Chicago's record-breaking snow fall tied up the city and left it helpless. It's not surprising that the normal flow of life should be interrupted by such a cataclysmic storm—what is surprising is the length of time after the storm ended that is needed to restore vital services.

The failure of mechanical equipment to keep the streets and roads clear left the city helpless. Lack of food, heat and medical care were making themselves felt within hours. Although TV stations took over the job of broadcasting pleas for aid, there seemed to be no central agency simply responsible for providing for the welfare of the people in the emergency.

The value of a well-trained, effective agency, such as Civil Defense, to take over in any emergency affecting the lives and health of the populace, is clearly shown up by Chicago's experience in the recent storm. A small army of healthy young men on foot to canvass stalled cars for people who were ill or unable to walk far enough to save themselves would have been a big help. Great Lakes has thousands of fit young men. Surely they would have been available.

Many apartment dwellers couldn't clear the sidewalks in front of their homes because they had no snow shovel. Such things are usually taken care of for them. So, in an emergency, the lack of a simple tool leaves them helpless.

Chicago is doing its best to cope with an unusual emergency. But it's obvious that block-by-block organization, with plans for emergency action, is still needed in any large city.

## Courthouse Notebook

BY LOU DURKIN

The cry to reduce the size of the county boards of supervisors is being heard abroad in the land again with economy and efficiency as the magic words.

Under legislation being kicked around in Springfield Lake County would get another level of government superimposed on the townships and municipalities already in existence with a county board districting of nine areas based on population.

Just what the magic is in the number "nine" the sponsors of the bill haven't explained. Why not seven or five or eleven?

Or better yet, why not just elect one official to run the county. He could appoint all the department heads and thousands of dollars could be saved in electing a County Treasurer, Sheriff, Auditor and other officials.

But since there is a possibility the voters would elect a personality kid instead of a competent executive it might be better to have the "leaders" of the county, the elite and "Chosen Few" select a County Manager who could turn all the county problems over to a computer or data processing system.

Actually the trend is towards reducing the number of officials to be elected with more and more power and authority being vested in appointed professionals thereby doing away with the nasty old politicians.

There are many advantages to this system, of course. The countryside would not be cluttered up with campaign signs; there would be escape from campaign oratory and mailboxes stuffed with campaign literature,

and government would be run on a real "businesslike basis."

Time has taken its toll of the Women's Relief Corps of the Grand Army of the Republic so some members of the Lake County Building Commission apparently feed safe in relegating to obscurity the granite shaft that formerly graced the grounds of the Lake County Courthouse as a memorial to the men from Lake County who fought in the Civil War.

According to Building Commission Chairman Taisto Aho the monument will probably be located in a corner of the new parking lot while a more grandiose monument more in keeping with the modern county building will occupy a place of honor in the court house plaza.

County board oratory that preceded the decision to build the new complex was loaded with promises that the monument would be restored when the building was completed; but then the same oratory was filled with assurances that no new taxes would be levied or collected to pay for the construction.

Of course, it was pointed out, a levy would have to be made to protect the buyers of courthouse bonds, but the tax would be abated and never collected.

It is true the tax was abated at first, but it has since been added to the tax bills and a new tax without referendum has been imposed.

Wonder whatever happened to all the savings in payrolls and other areas which were to be effected when the county installed the data processing system.

## Letters to the Editor

January 25, 1967

Antioch News  
900 Victoria St.  
Antioch, Illinois

Dear Sir:

The Northern Illinois Conservation Club would like to extend their sincere thanks and appreciation for the prizes which were donated by you and others like you, for our 6th annual Ice Fishing Derby, held on January 8th.

Only through your generosity is it possible for our Club to sponsor an event of this kind.

As you know, all monies from this event are used to sustain our Conservation programs. And we can only hope that by your efforts we may help to preserve some of our Country's natural resources for the future.

Cordially yours,

Richard Waters

President

\*\*\*

January 24, 1967  
The American Legion's vast organization is being mobilized to bring a deeper respect for Law and Order and our established institutions of government.

Americans in Viet Nam are fighting to advance the cause of freedom and to preserve the institutions under which freedom flourishes.

No patriotic citizen can, in good conscience stand by and watch the principles of government under law brazenly flouted by arrogant individuals and pressure groups here at home, even as we send young men into battle, perhaps to die, for the preservation of these same principles.

The Legion theme of the Law and Order program is "FOR COMMUNITY PEACE, SUPPORT YOUR POLICE."

State Commanders, directed by the National organization will set up programs designed for local Posts and communities. Committees will be named consisting of an attorney, an educator, a law enforcement official, a clergyman and a representative of the news media to help coordinate the program.

Focal point of local programs will be public recognition of outstanding law enforcement officers who will receive American Legion citations.

Another example of how the American Legion intends to broaden their approach to Law and Order will be directed at school children. The National Legion leaders are convinced that there has been a laxity in emphasizing to children that the Policeman is their best friend.

A POSTER COLORING CONTEST will be launched entitled "YOUR FRIEND THE POLICEMAN." These will be furnished in quantities to the Grade Schools throughout Legion communities with instructions for filling in the colors.

School teachers will be invited to help judge the Posters. Local winners can vie for honors in County, State and national competition.

The system was to cost about \$50,000 a year when first installed, but according to County Treasurer Raymond Sheahan the cost exceeded \$100,000 last year.

The number of personnel in the departments which were to benefit from the new system has not decreased noticeably and if there have been savings through greater efficiency they escape notice judging from the size of the county tax bills and the cries of poverty emanating from the courthouse.

Former County Coroner Robert (Mickey) Babcox has not lost his touch with the needle since leaving the courthouse.

Recently he encountered Sheriff Harold Scheskie in the courthouse coffee shop and after an exchange of pleasantries told Scheskie he was being embarrassed by reports he was to be appointed Chief Deputy Sheriff.

Going along with the gag Scheskie assured Babcox there was no possibility of such an appointment.

Babcox also let it be known he was not available for appointment as a Deputy Coroner by Coroner Orville Clavey.

## From Our Readers

## Moving By Freight Train

By Robert McAllister  
Town Line Road, Lake Villa

The "Great Snowstorm of 1967" and the consequent crippling of modern transportation reminds me of an incident in my own experience which happened more than 65 years ago.

Sept. 22nd, 1900 was a great day in the life of the McAllister family. Dad had resigned from his pastorate at Clayton in southern Michigan and was assuming a new church at Harbor Beach, up in the "thumb" of Michigan on Lake Huron, a distance of about 160 miles.

Since our horse, cow and cat had to be moved in addition to all household furniture and supplies, the cheapest method was to rent an entire freight car from the railroad, which cost \$39.60 according to Dad's cash book which I have in my possession.

Of course, Dad had to go along in order to care for the animals. (Mother went by passenger train to Detroit - \$1.70 - and by boat to Harbor Beach, fare \$1.00). My brother and I begged to go by way of box-car also but Dad was doubtful as to what would be the attitude of the R. R. officials. He finally consented if we would behave ourselves and stay out of sight at all R. R. stations. At seven and eight we were willing to promise anything.

The furniture was at either end of the car, with Dad; old George (the horse) and Bessie (the cow) in the middle. The cat was asleep on the cow's back and my brother and I were behind the furniture. We were on our way to Harbor Beach.

Each time the engineer blew the whistle for the next stop, old George would get nervous and Dad would have to quiet him as the train came to a halt. The brakeman would come to see if all was well and then signal the engineer. The train would again get under way, the horse would settle down and my brother and I would come out of hiding. After many hours we arrived at our new town on a hill overlooking Lake Huron. The men of the church helped Dad get the horse and cow into the barn, the furniture into the parsonage - and we were all set for more excitement. It was a great day for two small boys.

## To Know Your Village Watch This Space

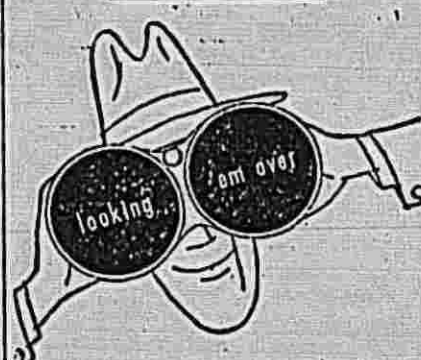

Ray Toft

The confidence expressed by the Antioch voters, when they elected me Mayor of Antioch, can best be recognized by this personal statement: My oath of acceptance of the office of Mayor of the Village of Antioch is as sacred to me as my pledge of allegiance to the American Flag.

May my public never have cause to doubt my sincerity.

Ray Toft

By Pearl Kapell

Antioch and Lake County fared much better than Chicago in the recent snow storm, but the snow we got was enough to block roads for a while and make driving risky.

The kids had a ball, with no school Friday and drifts of fresh snow to provide entertainment.

Ted Hucker of Channel Lake found good use for his Snowmobile Friday. He left the family car home and used the sporty little machine to drive to Antioch and do the family food shopping. Sort of combining chores and pleasure.

The Chase family took advantage of the snow to hitch their four ponies to a sled to provide fun and merriment for the kids—and the grown-ups.

All mail stalled in Chicago for the time being, and the Chicago newspapers couldn't be distributed to outlying areas. There they were, with all that news, and they couldn't get them out of town! Must have been heart-breaking.

The Antioch-Lake Forest basketball game was postponed, and Lake Forest lost to Warren Saturday night. That puts Antioch two games out in front in the conference, and lets them breathe a little easier. Everyone's hoping they'll finish the conference season undefeated, of course, and they have a good chance of doing it.

Tuberculosis is not inherited. Like flu and pneumonia, it is an infectious respiratory disease. Family members can catch it from one another. Christmas Seals fight TB and other respiratory diseases.

The only President to become chief justice of the Supreme Court was William Howard Taft. He was appointed in 1921 by President Harding.

## First Meeting of Co-op Garden Club

An organizational meeting of the CO-OP Garden Club will be held in the basement meeting room of the Cooperative Credit Union at 2420 Washington Street in Waukegan on the evening of February 23, at 7:30 p.m.

Colored slides will be shown of the 49th International Flower Show complete with background music. The commentator's voice is that of a well known TV personality. He will narrate through 152 slides.

The public is welcome. For further information call Audra Ikan at ON 2-4473.

The green, white, red flag of Mexico contains the portrait of an eagle and cactus.

## ALONG THE WAY with Annie Mae

## So... What Else Is New?

That old saying that everyone talks about the weather but nobody does anything about it, has certainly been the reverse the past few days. The good will stories that came from a predicament such as we had will be a thousand fold. Those lucky few to have snowmobiles didn't have any trouble finding a parking place at the A&P last Saturday.

While returning from the balmy beaches of Florida, Gen and Earl and Don Gibbs got as far as Lafayette, Ind., and there they sat till late Sunday, when they started for home again.

Landmark  
Work started Tuesday on the tearing down of the Mortenson Hotel to make way for a Phillips 66 gas station. The word is out... that the Antioch Mental Health Auxiliary will be opening a thrift shop sometime between now and summer in the old First National Bank building. Keep Up the Good Work  
The fine teamwork and team spirit has certainly played the major part of our Antioch Sequoits' succession of victories. Good luck over Grant and North Chicago this weekend. Still Shoveling, ANNIE MAE

## As It Happens -

By Rep. W. J. Murphy

## The Honeymoon Is Over

As usual at the start of a new Session, there are many verbal bouquets tossed from member to member from one side of the aisle to the other. This period usually lasts sometimes for six weeks. This Session it is ending early, even among the Republicans. We are already reaching a point where the "stand up" Legislators are separating themselves from the ones there making up their minds on the Liberal Press of Chicago's opinion rather than on their own for the people who sent them.

Wingspread—What Is It?  
You have heard of the Foreign Exchange plan—Wingspread is a plan for a pupil exchange program between the City and the Suburbs. It is to embrace 5000 high school students. It is already in operation on a small scale and an application has been made for a \$95,000 grant from the Federal Government for planning only!

Project Wingspread was conceived by a private group called Inter-Community Programs, Inc. They have now persuaded the Chicago School Board to take over the project. This would start with a five year program whereby 5000 students would trade schools for a semester at a time "to study together and create an environment of cultural diversity in which superior education for democratic living can be achieved." How ridiculous can we become!

NIPC Has Arrived  
The above are letters used for the words Northern Illinois Planning Commission. They were created (it was thought) as a planning body to coordinate the overall planning of five Metropolitan Counties—Cook, DuPage, Kane, Lake and Will and McHenry.

There were many good people that suspected they were more than just a recommending body. By repeated editorials and news releases, NIPC and others discounted these fears. Now, however, we find that there is now Federal Laws that provide that after June 1967 "all" applications from Municipalities for Federal Funds for any improvement must be approved by the Metropolitan Agency responsible for

the Master Plan at any regional level. They use all the new cliches, Master Plan, Central City, Finger Plan and Satellite City, etc.

Yes we truly have a newly created bureaucratic monster!

## Be Careful

I believe we all agree that we are in need of some credit reform. However, reading the newly offered Legislation on credit reform it appears that its authors Senator Arthur Gottschalk and Senator Russell Arrington are being a little too zealous and may be offering a package that will actually restrict our economy. Their ten day provision for returning articles for defects would establish a huge second hand market and put many appliance dealers and car dealers out of business. This legislation should be studied very calmly and dispassionately so that the merchant as well as the buyer is protected.

Well, this always happens when a Legislature is in Session and we will continue to report to you As It Happens!

The final polishing of the drama "Antigone" is now in process by the cast under the direction of Donald Beverly. This modern theatre adaptation of the Greek tragedy will be given at the PM&L theatre on February 10-11, 17 and 18 at 8:30 p.m. Jean Anouilh gave this play to Occupied France in 1943, and it has been said that it was a big factor in holding the French spirit together. It was German censor because the Germans read in it what they wanted to hear. The French, however, felt it was supporting their plight and position. As Lewis Galantiere, the adapter and translator states in his preface, "M. Anouilh managed to put into Creon's mouth words which satisfied

Steve Krotz is from Millburn, Mr. and Mrs. Josef Hunley, Steve Strang, and Jay Horton are from Antioch. Carol Brandy hails from Mundelein, Bob Thomley from Lindenhurst, David Stringer and Sue Bushnell from Lake Villa.

Director Don Beveroth and the entire cast extend a special invitation to the entire audience to linger for coffee, cookies and conversation. This play is shorter than most presented, and it is a controversial play. This will give a good opportunity for all who would enjoy this type of conversation to talk over parts, interpretation, and drama in general. Tickets may be reserved by calling Mrs. Vivian Ma-pliethorpe, 395-8610.

## Shower Goes On Despite Storm

Carole Ann Lindley attended an unusual bridal shower given in her honor last Tuesday, Jan. 24 at the home of Mr. and Mrs. John R. Laude of Felter's Subdivision, Antioch.

It thundered and showered outside as 25 friends and relatives of Miss Lindley waited for the shower to begin inside. Before the guest of honor arrived, however, the entire party and most of the rest of Felter's Subdivision was pitched into total darkness, as a result of the storm.

As the hostesses of the evening, Mrs. Robert (Pat) Lasco, sister of the groom-to-be, David D. Miller, and Mrs. John (Margo) Laude, longtime friend of the bride-to-be, began a frantic search of cupboards and drawers

for candles to light up their now very dark party, the guest of honor arrived. Mr. Laude was dispatched to purchase additional candles and when these were secured, lit, and placed throughout the house the bridal shower progressed in more or less normal fashion.

Games which had necessitated writing were eliminated because the 15 to 20 candles didn't provide enough light, but gifts were opened and refreshments enjoyed in this romantic atmosphere.

After a pleasant and unique evening the guests, aided by flashlights, unscrambled coats, purses, gloves, and boots, which look very much alike in the dark, and departed a bridal shower not soon to be forgotten.

Janice Sershon

## Betrothed

Mrs. Marion Sershon announces the engagement of her daughter, Janice, to Edward M. Rundgren, Jr., of Lake Villa.

Janice is a graduate of Antioch High School and is now doing secretarial work at Fort Sheridan.

Edward is the son of Mr. and Mrs. E. Rundgren of Lake Villa. He is presently stationed at Fort Hood, Texas, where he is finishing his A.I.T. training. Edward is also a graduate of Antioch High School.

No immediate wedding plans have been made.

Joan Tanner

## Announce Wedding Date

Mr. and Mrs. Louis E. Tanner, Sr., of Antioch announce the forthcoming marriage of their daughter, Joan Ellen, to John David Horton, son of Mr. and Mrs. John V. Horton, also of Antioch.

The wedding will be held the third of February at the Millburn Congregational Church. The Rev. L. H. Messersmith will officiate at the candlelight ceremony.

## Where The Boys Are

FT. CAMPBELL, Ky. — Army Private Gordon L. Pierce, Jr., whose mother, Mrs. Ann Bilski, lives in Algonquin, Ill., was his company's high scorer on the physical proficiency test held at the end of his basic training cycle at Ft. Campbell, Ky., Jan. 13.

The rigid test, based on skills that require coordination and endurance, is designed to evaluate a soldier's physical capabilities and to determine whether he has the stamina needed in battle.

His wife, Sharon, lives on Drexell St., Box 289, Antioch.

Bill Etherton

## Sports Movies At Dad's Nite

Bill Etherton, sportscaster known as "The Radio Voice of Notre Dame," will be the guest speaker at the Emmons School Parents' Club Dad's Night February 7.

As a special treat, the sons are invited to Dad's Nite to enjoy the movie highlights of the 1966 Notre Dame Football games.

Etherton is sportscaster for WNDU radio in Crawfordsville, Indiana. He has broadcast Notre Dame football and basketball for more than ten years, and has become one of the area's most popular sportscasters.

## Legion Auxiliary

By Del Jahneke

The 10th District American Legion Auxiliary meeting will be held on Wednesday, February 8, at the Homer Dahlinger American Legion Home in Waukegan, at 8:00 p.m. The guest of honor for the evening will be Mrs. Louis Unfer of Champaign, the Department (state) President of the American Legion Auxiliary.

State Representative Daniel M. Pierce will be guest speaker. Representative Pierce is an attorney, who resides with his wife and three sons in Highland Park. A Harvard Law School graduate, he served on active duty with the U.S. Air Force. In 1964, he was elected to the House of Representatives of the Illinois General Assembly as a blue-ribbon candidate endorsed by the Better Government Association and Chicago Daily News.

Pierce had an outstanding record during his first term in Springfield in the fields of mental health, education, and election law reform. He is now in his second term in the state legislature.

Rep. Pierce is also an active member of the Highland Park American Legion Post. Mrs. Ted Odom, Libertyville, District Americanism chairman, has announced that Rep. Pierce's talk will be on various phases of "Americanism."

Mrs. Herbert Gleason, Libertyville, 10th District Director, requests that all the Units bring their "Colors" there will be a procession of Colors, preceding the meeting. All color bearers are asked to dress in white.

The Antioch American Legion Auxiliary will hold its annual "Birthday Party" meeting on Friday, Feb. 10, at 8:30 p.m., in the Antioch Legion Home. The members of the Antioch American Legion and their wives are invited guests, as well as the Unit members' husbands. There will be a pot-luck supper, a brief business meeting, and the remainder of the evening will be spent in playing card games. The hostess chairman will be Mrs. Ray Rathmann, with Mrs. Herbert Gentzen, Mrs. Douglas Dean, Mrs. Oscar Hagen, Mrs. Thomas Chase, Mrs. William Chase, and Mrs. Myra Randall comprising the rest of the committee.

This "birthday" party commemorates the 45th anniversary of the founding of the American Legion Auxiliary.

HURT IN FALL

Mrs. Frieda Wertz suffered a broken shoulder and facial bruises when she fell at her home Tuesday.

Prevent nail polish bottles from overturning by gluing each bottle to a small block of wood before it is opened.

The meeting will start at 1 p.m.

Speaker At

Woman's Club

"Beauty in Your Home" will be the subject when the Antioch Woman's Club meets Monday, February 6, at the Scout House in Antioch.

Diane Daryas will be the featured speaker for the afternoon. Miss Daryas is an interior designer who has been doing commercial and residential interiors for eight years.

The meeting will start at 1 p.m.

## Topics for Today's Women

THURSDAY, FEBRUARY 2, 1967 THE ANTIOCH NEWS 3

## Avon Players Present Three-Act Comedy

Those interested in amateur theatre productions will enjoy the Avon Players presentation of Ira Levin's three act comedy, "Critic's Choice," scheduled for 8:30 p.m. on Feb. 10-11-12 in the Avon Auditorium, Rte. 83, three miles north of Grayslake.

Portraying the roles of Parker and Angela Ballantine will be Roger Insand and Donna Goossens. Roger has been active behind the scenes as well as on the stage, where he has been seen in "Blythe Spirit," "The Matchmaker" and "Luxury Cruise." Donna Goossens, playing her first lead role, has been seen in "Brides of March" and "Exit the Body" and has assumed many responsibilities back stage.

Two newcomers to the stage are Leslie Stahl (John Ballantine) and Dennis Miller (Dion Kapakos). Leslie is a student at Round Lake High and Dennis, at Grayslake.

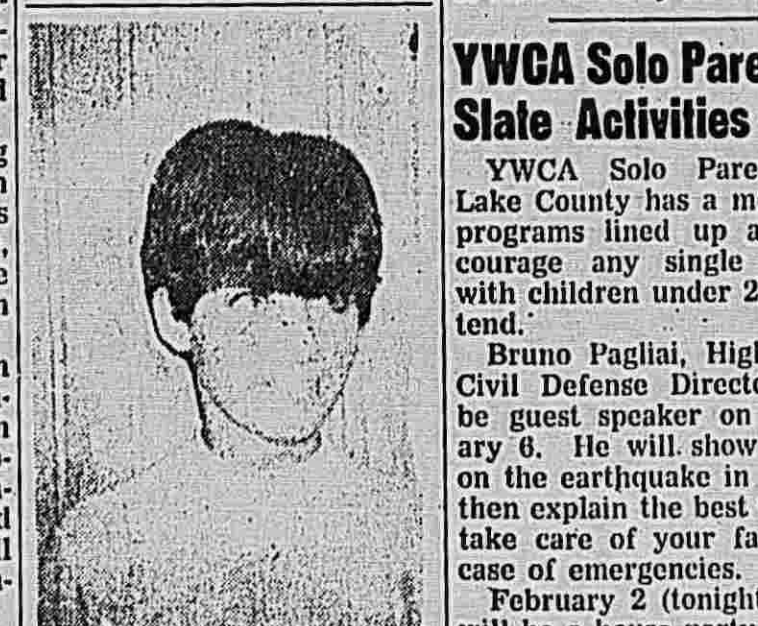

Mrs. Joan Ryan, a Round Lake Grade school teacher, is president of the Avon Players, has appeared in many plays, and is the producer for "Critic's Choice."

## American Field Service Makes Plans For Busy Year

The American Field Service organization has many plans for a busy new year. The group held its monthly meeting at the high school on January 5. Mrs. Joseph Beahan, A.F.S. area representative, was present and gave many helpful suggestions.

An open invitation is being extended to the entire Antioch Community High School district to attend a deluxe dessert buffet at the high school cafeteria on February 14 at 7:00 p.m. in honor of Diana Maria Staggs, our exchange student from Ecuador.

The A.F.S. is most anxious that the people of the area meet and become acquainted with our guest and the entire A.F.S. program. A very interesting program is being planned. Diana will speak, letters from the former foreign exchange students (Masaji Okubo and Beatriz Munoz) will be read if this can

Dorothy Sarbacker

## Engaged

Mr. and Mrs. Robert N. Sarbacker of Lake Villa, announce the engagement of their daughter Dorothy to Pvt. Kenneth L. Larson, son of Mr. and Mrs. Charles E. Larson of Antioch.

Pvt. Larson is presently stationed in Saigon, Viet Nam. Miss Sarbacker is doing secretarial work at Fort Sheridan Army Base. Both are graduates of Antioch High School and Pvt. Larson attended Eastern Illinois University before entering the service.

No definite wedding date has been set as of yet.

## Extend Registration At Music Center

Registration for second semester study at The Music Center of Lake County has been extended through February 10th due to last week's poor weather conditions. Registrations for new students will be taken during school hours: Tuesday, Wednesday, Thursday 11:00 a.m. to 6:00 p.m. and Saturday, 9:30 a.m. to 4:00 p.m.

Private instruction is offered on all orchestral instruments including voice, piano and classical guitar. Class instruction is offered in Music Theory and Literature, Art, Drama and Dance as

## Lecturer Urges Self-Governed Independence

Independence? Well, it all depends.

In fact, it depends completely on man's relationship to God, according to Thomas O. Poyser, C.S., who lectured here on Saturday, January 28th under Christian Science auspices.

"A sunbeam can't cut itself off from the sun and become a free-wheeling agent," he noted—but on the other hand, its inherent link to the sun "guarantees its total independence of darkness."

So it is with man, he said. "Political, social, and economic independence aren't enough." They will be "short-lived and insecure if not accompanied by thoughtful attention to man's dependence upon God for existence and well-being."

Basically and ultimately, he declared, "man is the spiritual image and likeness of God, in Whom we live, and move, and have our being." Realizing this, and learning to rely upon the power of God, results in a "constructive, God-oriented independence . . . growing independence of anything unlike God . . . a positive independence of evil."

Title of the lecture was "How Independent Can You Be?" It was sponsored by First Church of Christ, Scientist, and held in the church. Mr. Poyser is a recognized practitioner of Christian Science healing from Dallas, Texas, and is currently on tour as a member of the Board of Lectureship of The First Church of Christ, Scientist, in Boston, Massachusetts.

"The most independent individual ever to inhabit the earth," said the lecturer, was Jesus.

"He was always subject to infinite spirit"—but it was this total reliance upon God that "enabled him to demonstrate sovereign power over the conditions of human existence."

Furthermore, he taught his followers this same kind of independence, Mr. Poyser noted. He taught them to know and understand God, "to realize their completeness in Christ," and to exercise their "right to freedom from sin, disease, and death."

Nobody can "run away" from this demand, he added. If we try it, our troubles hang over us and "we lose all sense of proper independence." The only way to gain dominion over trouble is to "meet it where and when it occurs."

"Paul urged the Christians at Corinth to cast down 'imaginations, and every high thing that exalteth itself against the knowledge of God' and to bring 'into captivity every thought' to the obedience of Christ."

This is the basis of "real independence," said the lecturer.

It "leads to self-government and self-control . . . eliminating anything unworthy from human consciousness," and it brings healing into every aspect of life. "Reflecting God's government, man is self-governed," he said, quoting the discoverer of Christian Science, Mary Baker Eddy (Science and Health with Key to the Scriptures).

There's no age-limit on this kind of independence, Mr. Poyser commented, and it's essential to have "a proper sense of independence in the parent-child relationship. 'Young people aren't content to think and act in the preconceived patterns of earlier generations hemmed in by doubt, timidity, or static conformity. They're seeking to think for themselves.'"

"The great need is that the tremendous potential of youth be spiritually as well as intellectually cultivated"—and this is the special responsibility of parents, he indicated. Young people

well as the Carl Orff method of children as young as four years of age.

An adult oil and sketching class as well as an adult ballet and modern dance class is available. Special groups include a children's chorus, Lake County Youth String Orchestra and an Inter-Industrial Male Chorus. Tuition is based on the ability to pay. For further information, persons may call the School at 244-4270 or write The Music Center of Lake County, Bowen Park, 1917 N. Sheridan Rd., Waukegan.

## Lack Of Money Delays Library Plans

In a recent interview regarding the progress of the plans for a new library building, Mrs. E. F. Vos, President of the Antioch Township Library Board, stated that the Board of Trustees are still considering ways and means for the project.

Two years ago the board ran a successful referendum to raise the library tax levy from .035 to .125. Part of the extra revenue was to be added to the building fund.

Since this extra revenue is not due to be paid to the Board until 1968, the board finds itself in the position of having to borrow almost the full amount of the cost if it were to build at this time.

The board has been working with State, Federal and

Banking institutions, investigating the possibilities of financing the new building. The board feels that economic conditions at this time would make a large loan a burden to the taxpayer. "We realize that there is a need for a larger library and we would be willing to go ahead with plans if the public so desires," Mrs. Vos said. "However, this would necessitate a referendum for a bond issue."

Mrs. Vos also expressed the board's appreciation to the individuals who have so generously contributed to the building fund. The most recent substantial contribution came from a former resident, E. Morley Webb, now living in Mexico City.

## Public Aid In Illinois Increased In November

The number of persons on public aid in Illinois in November totaled 410,839—including 39,585 persons eligible for payments for medical care only—and was an increase of 2,404 over the October caseload. Director Harold O. Swank of the Illinois Department of Public Aid, said today.

The over-all increase in November—as in recent months—was due primarily to an increase in the number of persons receiving Medical Assistance only. During November, payments for the 39,585 receiving Medical Assistance amounted to \$2,250,405. In October the payments for 35,674 persons amounted to \$2,068,048. In addition, \$12,488 was paid for medical services provided to 25 persons prior to Jan. 1, 1966, under the Assistance to the medically indigent Aged program.

Public aid expenditures were \$25,726,224, compared to \$23,946,187 in October. Total expenditures in November 1965 were \$24,300,497. The November total also includes \$845,257 in payments for ADC-foster care, assistance to the medically indigent in Chicago and Cicero, and burial.

The number of persons in the Aid to Dependent Children program in November was 262,840, an increase of 971 over the October figure of 261,869, and 10,289 above the November 1965 figure of 252,551. Expenditures for November were \$12,597,886 and averaged \$47.93 per person, compared to October's expenditure of \$11,865,430, averaging \$45.31 per person. The cost of the program in November 1965 was \$11,613,769 and averaged \$45.99 per person.

Persons receiving Blind Assistance in November totaled 2,203, a decrease of 27 from the October total of 2,230, and a decrease of 104 below the November 1965 total of 2,307. The cost of the program for November was \$233,744 and averaged \$106.10 per person, compared to the October amount of \$213,051, averaging \$95.54 per person. In November 1965, the amount was \$229,532, averaging \$99.49 per person.

The Disability Assistance program increased by 200 persons from the October total of 34,149. The November 1965 total was 30,075. The cost of the program in November amounted to \$3,926,847 and averaged \$114.99 per person, compared to the October expenditure of \$3,394,746, averaging \$100 per person. In November 1965, the costs were \$3,252,886 and averaged \$108.16 per person.

Old Age Assistance recipients increased by 252 persons, from 58,746 in October to 58,998 in November. The current caseload is 7,616 above the November 1965 figure of 51,382. Expenditures for November were \$5,241,808 and averaged \$88.85 per person, compared to October's total of \$5,211,446, averaging \$88.71 per person. In November 1965, expenditures were \$5,143,887 and averaged \$100.11 per person.

The number of persons receiving General Assistance—All Units in November totaled 52,024, an increase of 1,058 over the October total of 51,586. The current total was \$5,635 less than the November 1965 number of

58,259. The cost of the program in November was \$2,868,194 and averaged \$54.50 per person, compared to October's expenditure of \$2,862,752, averaging \$55.52 per person. Expenditures for November 1965 were \$3,258,236 and averaged \$55.89 per person.

In Lake County, the total number of persons on Public Aid in November was 2,617. They received \$166,845.

## Disasters And Vietnam Boost Red Cross Spending

Like just about everything else, the cost of compassion rose to new postwar highs last year.

The American National Red Cross and its local chapter both had their busiest and costliest years since World War II in 1965-66, according to Leo H. Schoenhofen, chairman of the Mid-America Chapter.

Overall, the total national organization spent more than \$120 million in the year ended June 30, 1966, while recording an income of over \$106 million, drawing on its disaster reserve funds to make up the gap. "Our national disaster reserves have now been depleted to a dangerously low \$2½ million," Schoenhofen said. The high 1965-66 expenditures resulted from mounting costs of serving U. S. military forces in South Vietnam, combined with record-breaking disaster costs in this country.

The Red Cross Mid-America Chapter, serving the northeastern Illinois metropolitan area, had expenditures of more than \$4 million, Schoenhofen stated. The local chapter is the largest of nearly 3,000 in the American Red Cross.

Biggest single item of Red Cross expense, both locally and nationally, is the organization's program of services to men in the armed forces, veterans, and their dependents. Total national cost of this program was nearly \$41 million, or about 34 percent of the budget. In Mid-America Chapter, the program of service to military families spent \$636,540, during the 1965-66

### WESLEY EVENING CIRCLE

By Del Jahneke

The Wesley Evening Circle of the Antioch Methodist Church will hold their regular meeting on Thursday, February 9, at 8:00 p.m., at the home of Mrs. Joseph Rush, 519 Gary Drive, Antioch, with Mrs. Albert Dittman as the co-hostess. The Devotions will be given by Mrs. Stuart Good.

Mrs. Don E. Francisco, Jr., will present the program: "A Visit to Russia," illustrating her talk with colored slides.

Mrs. Charles Mapthorpe, President, requests that all members bring net, ribbons, and little floral decorations to this meeting. These items will be used in fashioning "Easter Bonnets," which will be featured on the tables at their annual "Feast and Fashion" Luncheon Show. The Feast and Fashion Show will be held on March 8th, at Wesley Hall of the Antioch Methodist Church, at 1:30 p.m.

## His Magic No. Is 5120

Try this on for coincidence, Secretary of State Paul Powell suggested today.

Gerry Gebhardt lives at 5120 West Greenleaf street in Skokie, and his auto license number is GG 5120.

Recently, Mr. Gebhardt bought a new car and, upon receiving his transfer registration card from Secretary Powell's office, noted that the horsepower, as entered by the dealer, was shown as 5120.

This, Mr. Gebhardt thought, was a bit too much in the way of numerical agreement, so he inquired.

Sure enough, Secretary Powell's office informed him, the horsepower of his new car, his street address and his license number all are the same, except that the street number and the license number don't have a decimal point in them.

Congressman Wendell Wyatt (R-Ore.) says: "Only the federal government can generate inflation. Business, labor unions, or even consumers with excessive purchasing power can fan the fire, but they neither cause nor can they prevent inflation."

Store homemade butter cookies in tightly covered containers. Place waxed paper between layers of cookies. Remember they're ready to serve at a moment's notice.

## Illinois Tax Facts

The number of persons living on farms in the United States has steadily declined since the turn of the century, the Taxpayers Federation of Illinois reported today. At the beginning of the century, more than a third of the population was living on farms that provided most of their incomes and nearly all of their food. By the beginning of World War II, the proportion living on farms had dropped to less than a fourth, and for many of these farmers was not the sole source of support.

At the present time, fewer than 7 out of 100 Americans live on a farm, and many of these have outside jobs to supplement their farm incomes. Then too, those on the farms today are operating mechanized farms and cultivating much larger acreages than did the farmers of fifty years ago.

By contrast, the non-farm population has grown rapidly with the bulk of the growth being in the metropolitan areas. This shift away from the farm has developed population clusters not only within the large cities but in their suburbs. During the last 20 years it is interesting to note that it has been the outlying areas about cities rather than the cities themselves that have registered the greatest gains. Most Americans live in what can now be described as a money economy, and their financial independence is measured by their current earnings and the cash income available to them from other sources.

In March 1965, more than 3 out of 5 persons in the United States lived in a metropolitan area—that is, within a city of at least 50,000 inhabitants or the environs of such a place. In 1 out of 7 central city families, it was a woman rather than a man who served as family head, and an equal proportion of all families had a head at least 65 years old. In the suburbs, only 1 out of 13 of the families was headed by a woman, and 1 in 9 by a person aged 65 or older.

Such statistics prove that we have become an urban rather than a rural nation. This shift to the metropolitan areas creates problems in the fields of finance, transportation, sanitation, water supply, health, etc., that must be aided by legislative bodies, and such problems will be numerous in the form of bills before the 75th Illinois General Assembly.

A recent survey disclosed three of every 10 farmers worked 100 or more days each year off the farm in part-time endeavors.

## Lots of Bad Advice On Winter Driving

Any driver seeking advice on winter car care usually can find plenty—and much of it is incorrect, warns Carl F. Krieg, Regional Manager of the Allstate Motor Club. To help drivers steer clear of bad winter driving advice, Krieg lists the following winter driving myths and compares them with what automotive engineers and fleet operators say:

1. "An engine should idle and warm up before the car is driven, especially in cold weather." Not so, say the experts. The best way to warm up an engine to peak operating efficiency is to drive the car easily. Just idling the engine keeps the choke closed longer.

2. "Pump the accelerator a few times before using the starter so the engine will start the first time and prevent flooding." Pumping the accelerator, more than once on cars with automatic transmissions may flood the engine. The proper method is to depress the pedal slightly, hold it there and start the motor. If the engine is flooded, a motorist should floor the gas pedal and hold it there while he tries to start the engine. If the motor doesn't start, wait a few minutes and try again, repeating this method every few minutes until the car starts.

3. "Power brakes make your car safer; you can stop quicker." Not necessarily,

says the Allstate expert. Power brakes make you stop with less effort, but not in less distance. They give some drivers a false sense of security, because like power steering, they don't give the driver enough feeling of the pavement. On wet or icy pavement this is dangerous.

4. "Cars don't need as much maintenance as they used to." Despite the improved oils and lubricants developed by the car manufacturers, drivers still are advised to change their oil more often under severe driving conditions. City driving may require a driver to change oil more frequently than his manual suggests.

Regular servicing should include more than just required oil changes and lubrications. Periodic inspections should be made of the brake fluid in the master cylinder, of the air and oil filters, steering system, shock absorbers, the under-carriage and the exhaust system, to name a few. Tires should always be carefully inspected.

The Allstate Motor Club reminds car owners to beware of bad advice. Talk is cheap, but repair bills and accidents resulting from taking bad advice are not.

By the time you are old you don't care what the morning brings, provided you are rich, carefree, and free of pain.

## Use Sales Tax Table For Income Tax Return

Northern Illinois taxpayers may use a state sales tax table as a guide in preparing their 1966 Federal income tax returns. The table is included in the instruction booklet mailed to taxpayers, according to E. C. Coyle, Jr., District Director of Internal Revenue.

The table is based on consumer spending patterns and shows the average amount of state sales tax paid by Illinois residents. It may be used by taxpayers who itemize their Federal income tax deductions.

State sales tax on automobiles purchased is not included in the table. Taxpayers who purchased an automobile may add deductible sales taxes paid on the purchase of the amount shown in the table.

Taxpayers are not required to use the table, Mr. Coyle pointed out. The table is furnished as a guide for the convenience of taxpayers who wish to deduct a "standard" amount for state sales tax which will not require detailed substantiation. Taxpayers have the choice, of course, deducting instead the actual amount of state sales taxes which they paid during the year.

### HIGH-PRICED FISHING

Illinois anglers paid about a half million dollars to fish at fee areas last year, according to a report released recently by the Division of Fisheries, Illinois Department of Conservation. In 1966, the department licensed 178 areas. A state license is required of anglers who fish at fee areas.

Fishermen may pay an annual membership fee, a daily fee or for the pounds of fish caught. Annual memberships cost from \$10 to \$400 a year. Daily fees ranged from 90c to \$3, and the poundage rate varies from 60c to \$1.75, depending upon the species of fish desired. Trout are the most expensive.

For easy entertaining keep dairy eggnog on hand all through the busy holiday season. When friends drop in or you plan a party, you can easily serve dairy eggnog, either plain or fancy!

## DEATH NOTICES

### MELVIN DAVID MILLER

Melvin David Miller, 5 months old of Paddock Lake, near Salem, Wis., passed away on Tuesday, Jan. 31, at 8:45 a.m. in the home of his parents, Melvin and Sippie Miller after a several days illness. He was born August 3, 1966 in Kenosha and had resided at Paddock Lake since birth.

He is survived by his parents, Melvin Miller and Sippie Toisma Miller, two brothers, Richard John and Thomas Melvin, and one sis-

## Coroner Reports On '66 Deaths

Coroner Orville Clavey reports that his office handled 434 cases of deaths in 1966.

Of these, 113 traffic deaths occurred in the county, 19 more than were killed in 1965. Other causes of death were: 11 drownings; 32 suicides, by various means; 8 homicides; 2 in home fires; 1 in a fall from a horse; 1 shooting accident; 1 parachute failure; 11 from cancer; 238 heart cases, and 16 miscellaneous causes, such as pneumonia and crib deaths.

A record of 126 inquests were handled by the coroner's office. A record return of coroner's fees were collected, bringing the total for two years to \$20,342.

### Town & Village...

(continued from page 1) the Library Board of Trustees has been taken out but has not been filed.

In the village elections, petitions have been taken out but have not been filed. A group from Oakwood Knolls is reportedly considering running for Board of Trustees, and one Independent is considering becoming a candidate.

Only candidates for the village board who have filed petitions are the slate of Dick Radke, Dick Burnette and Irving Walsh, incumbent.

Some canaries live 15 years or longer.

ter, Susan Lynn, all at home; maternal grandparents, Jan and Lemke Toisma, Marengo, Ill., paternal grandparents, Ed Miller, Waupun, Wis., and Mrs. Liza VahBuren, Fox Lake, Wis.

Funeral services will be at 11 a.m. today (Thursday), Feb. 2, in the Salem Methodist Church, where he will rest from 9:30 a.m. until service time. Friends may call at the Strang Funeral Home in Antioch from 7:00 p.m. until 10:00 p.m. on Wednesday. Interment will be in Sunset Ridge Cemetery at Kenosha. Rev. Chase Page of the Salem Methodist Church will officiate at the services.

### ROBERT W. TAYLOR

Mr. Robert W. Taylor, 55 years old of Fox Lake Vista Subdivision near Spring Grove, passed away suddenly on Tuesday, January 31, at the home of his sister, Miss Winifred M. Taylor at Paddock Lake, Wis., from a heart attack.

Mr. Taylor was born Sept. 14, 1911 in Franklin Park, Ill., and resided there until moving to Fox Lake in 1950. He had served in the U. S. Army during World War 2. Mr. Taylor had worked as a maintenance man for Television Laboratories at Wauconda for 12 years and afterwards for Miller Products at Spring Grove as a machinist. He was preceded in death by two brothers, Harold and Arthur Taylor and one sister Mrs. Beulah Taylor.

Survivors are three sisters, Mrs. Eleanor Grady, Franklin Park, Ill., Mrs. Doris Pantke, Downers Grove, Ill., and Miss Winifred Taylor, Paddock Lake, Wis.

Funeral services will be held from the Sax-Tiedemann Funeral Home at 9568 Belmont Ave. in Franklin Park on Friday at 11 a.m. where friends may call after 3:00 p.m. on Thursday. Interment will be in Mt. Emblem Cemetery.

# 20 years from now the electric heating in your home will still be one of the brightest ideas you ever had.

Only an electric heating system will be just as modern in twenty years as today. It will probably outlast your mortgage. (No other heating system can make that statement.)

Electric heat has other things going for it, too: Like flexibility, cleanliness, economy of installation, silence, trouble-free operation, odorlessness, and five different types of systems to choose from.

All of which adds up to keeping your home bright and modern for many years to come. And electricity is making it possible. Check into electric heat... the modern heat.

Call Electric Heat Consultant Tom Rogers at RA 6-1222.

Commonwealth Edison Company.

# The bright new ideas are Electric.

# Nine Straight Wins For Antioch

The big snow and the cancellation of Friday night's basketball game with Lake Forest didn't cool off the sizzling Sequoits. They continued their winning ways by defeating Grayslake Saturday night, 73-44, at Grayslake.

This was the Sequoits' ninth straight conference win. Lake Forest dropped

## NICC Elects New Officers

Richard Waters, who has been president of the Northern Illinois Conservation Club since its inception six years ago, stepped down last Wednesday night and a new president was elected.

Bert Metz is the new president of the NICC. Other officers elected were vice presidents Richard Waters and William Brook; Norman Outinen, treasurer, and Joe Menheer, secretary. Larry Weick was elected assistant secretary.

Four new Directors were elected: William Chase, Charles Wertz, Ernest DeLabio and Howard Pannier. Members of the Board of Directors who will remain in office are Al Moore, Earl Loomis and Ann Waters.

Organization of the NICC was Dick Waters' idea and he was elected its first president. The club has grown since its founding to include members from all of Northern Illinois. Their annual Ice Derby has become a popular event.

The Club sponsors conservation education in local schools and each year, on Arbor Day, helps elementary school students plant trees on their school grounds.

The NICC has acquired a large club house at Channel Lake, leased to the club by its owner. The club house has been renovated by the work of members.

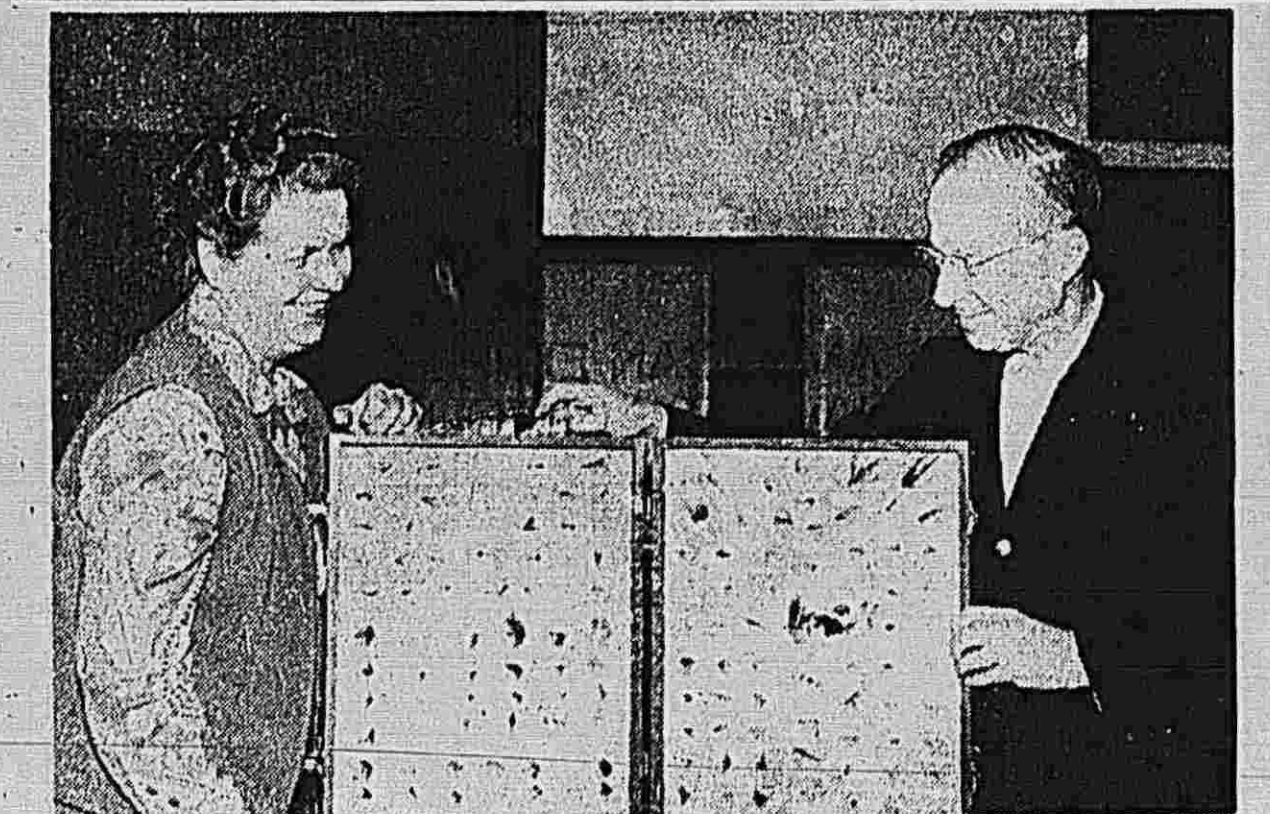

Al Moore, last Wednesday night, appealed to club members to loan money to the club so that work on the meeting place could be completed. About \$1,000 is needed to tile floors and paint the exterior. Before the meeting ended, \$800 in loans had been pledged to the club's use.

Edith Andreas, of Rt. 1, Antioch, is an expert fly tier and will give classes in fly tying at the club if enough people are interested.

She displayed some of her work to members. Her favorite, she said, is her Haling's Special, a fly conceived by the elder Haling.

Norman Outinen, treasurer of the NICC (left); Joe Menheer, secretary and William Brook, vice president. The men are some of the new officers elected at last Wednesday night's meeting of the Northern Ill. Conservation Club.

Edith Andreas shows some of the flies she has tied to Harry Stern. Mrs. Andreas displayed some of her flies at the meeting of the NICC.

Bert Metz, the new president of the NICC (left) is congratulated by Richard Waters, outgoing president. Waters was elected vice president.

## Sport Show In February

Dates for the annual Chicago's Famous Sportsmen's and Vacation Show at the International Amphitheatre are announced as Friday night, Feb. 10, through Feb. 19, by Producer Thomas Durant.

The world's largest exposition of outdoors life again will be a combination of many shows under one roof. There will be entire areas devoted to fishing, including "fishing tackle row," casting ponds and a live trout pool for public participation; boats, travel and resorts, all types of sports gear, house trailers, camping units, tents and others.

Parade of Outdoors Champions, the twice-daily stage and water spectacle, will have a star cast of performers headed by Hollywood's John Bromfield, noted as "Mr. Sportsman" for his exploits in the fishing and hunting world.

In addition to viewing all of the newest in paraphernalia, show visitors will be able to try their hand in various sports, including skiing, golf, trapshooting and archery, besides the angling.

On hand from all over the United States and Canada will be a number of interesting Indians, guides, trappers and cowboys, along with all sorts of animals and record fish catches, some live and some mounted. Hours of sports movies will be another feature.

Show hours opening night will be 6 to 11 p.m., Saturdays and Sundays noon to 11, and other weekdays 1 to 11. Producer Durant and general Manager Willard Murfin announce a record number of exhibits for this year's show.

## Gets Award For Sportsmanship

Robert W. Becker, Rt. 5, Antioch, won recognition for good sportsmanship last week at the Metropolitan Miami Fishing Tournament when he caught and released 163 fish including Black Bass, Snook, Redfish, Tarpon, Ladyfish and Snapper. He fished out of Chokoloskee. The Tournament emphasizing conservation ends April 16.

The United States is the world's largest exporter of agricultural products.

The Sequoit Sophomore basketball squad won its third game in succession Saturday night, beating Grayslake 61 to 43. The victory evened the Sophs' record at seven wins and seven losses. The Sophs are now 6-3 in conference play.

Antioch took command in the second quarter, outscoring their opponents by ten points. The score, at the end of the first quarter was 16 to 13, and at halftime was 33 to 20.

The boys increased their lead by another ten points in the third quarter, which ended 50 to 43. The reserves then took over, and the game ended 61 to 43.

Director Joseph Rush leads the Antioch Band in rehearsal at Peoria. Front row left to right, Janet Meyer, Carole Silanoff, Debby Chandler, 2nd row, Cynthia Pedersen, Cheryl Reckers. Back row, Kathy Clarke, Don Miller (standing).

Breakfast at the motel. The Antioch Band recently spent two days in Peoria, playing a concert Friday. Director Joe Rush stands behind the chair of Randall Rich. Left to right, from Rich, Bill Shastal, Marge Boulanger and Bill Dow.

## ACHS Band Plays For Music Educators

By Jeannine Dow  
Recently (Jan. 19-20) the Antioch Community High School Concert band traveled to Peoria, Illinois to perform for the Illinois Music Educators Association. The band left Thursday evening after school accompanied by Director Joseph Rush, Mrs. Rush, Mrs. Rich and Mr. Warren Polley.

After riding approximately 5 1/2 hours, the 64 enthusiastic musicians reached their destination, the Peoria Sands motel. As is typical of most teenagers there was little sleep before the early morning hours.

Friday morning after breakfast the group went to the Pere Marquette Hotel and "set up shop" in the Grand Ballroom. Here they spent an hour warming up, tuning and hunting down equipment for the 1:30 performance.

With everything ready for the concert, the students were given an hour of free time to just "loosen up." At 1:30 Mr. Robert Dvorak, IMEA president, introduced Mr. Rush and the band and told the audience a little about Antioch and its high school. The program was turned over to the band.

They opened with "Hail to the Fleet," a snappy march by Richard Malby. "From Every Horizon" by N. Dello Joio was next, followed by "Concerto in B Flat." This number featured a baritone solo by Marge Boulanger. The next number was "Overture in B Flat." Debbie Chandler was featured in the next number, "Second Suite." As the band's last number they played the "Caprice Italian." Each number was different and the band did a good job presenting each one.

After the concert, the band

returned to the motel where they were served a dinner served by the Music Association. When everyone was full, they left for home. About 9:00 the buses pulled in and the various band members departed for their homes, each agreeing that for all the extra hours, work and effort the trip was worth it.

## Propose Higher Fees

Springfield, Ill. — Legislation to increase various fees collected by the Automobile, Corporation and Index Divisions has been introduced in the General Assembly. Secretary of State Paul Powell has announced.

The increases, the first proposed in many years, are designed to offset steadily rising costs of providing copies of records, documents, papers and other items and of processing certain motor vehicle transactions, Mr. Powell said.

In the Automobile Division, the fees would be increased from \$1 to \$2 for issuing certificates of title, duplicate titles, corrected titles, registration transfers, duplicate registration cards, corrected registration cards and junking certificates.

In the Index and Corporation Divisions, the fees would be increased generally from 35 cents to 50 cents a page, for copies of various items and from \$1 to \$2 for providing certified copies.

The measure was introduced into the House by Representatives Allen T. Lucas of Springfield, John P. Touhy of Chicago and Clyde L. Choate of Anna.

## McClory Attends Conference.

Congressman Robert McClory of Illinois, representing the United States Inter-parliamentary Group at UNESCO Headquarters in Paris, asserted today that the developing nations should promote greater interest and more active programs for scientific education, research and development. The Congressman declared: "Developing nations will have to demonstrate their own motivation and desire to advance in the modern world. The United States and other advanced countries seem anxious to encourage formation of science policies and to assist these emerging and developing countries in the fullest possible utilization of their own resources and human talents."

The UNESCO conference is the third annual meeting of its kind in which parliamentary representatives from approximately twenty countries exchanged views on problems of science policy and illiteracy.

The two-day conference opened with a report from the Director-General of UNESCO, Rene Maheu. Discussions were led by other UNESCO officials, including Yvan de Lamplaine, Director of the Science Division, and Homer A. Kempfer, head of UNESCO's ambitious world-wide literacy program.

Congressman McClory was one of four delegates named to develop points of common interest to all nations in advancing scientific policy positions. The so-called "brain drain" and the need for greater cooperation in the dissemination and interchange of scientific information were mentioned. Congressman McClory made reference to the recent joint scientific endeavors of the United States and the Soviet Union in the fields of oceanography and in exploration and research in Antarctica.

Congressman McClory was assisted at the Paris conference by the Permanent United States Mission to UNESCO headed by Robert H. B. Wade.

## Historymobile II To Visit Salem

The Historymobile II, a trailer 20 feet long, depicting the "Empire of Pine," will be at Salem Central High School all day February 2, and during the morning of Feb. 3. After its appearance in the state in 1960, a new phase of Wisconsin life will be put on exhibit, and again tour the state.

The question, "What will I see in the Historymobile?" arises. First, the setting, a map is shown, several Diornas, Logging Camp, Sawmill; then a panel, Logging Tools, then, several cases showing Skidding and Sledging Logs, Sealing and Marking, Camp Life, Rafting, and Sawing. Thus the students and all the people of the community will have an opportunity to see by picture one of the important fields of service to the state and nation that logging gives.

The entire public is invited to this exhibit in the historymobile on Feb. 2, and 3, at Salem Central High School. Admission is free.

Frank Dubinsky, managing director of the Flower Show, and I. W. Colburn, president of the Flower Show Corporation, agreed after surveying the Amphitheatre that the gardens and exhibits can be installed there as originally planned for McCormick Place. Materials for the Gardens will be put into the exhibition hall of the Amphitheatre intact.

There will be no reduction in the size of the show and its components because there is 180,000 square feet in the hall. This is slightly less than the 200,000 square feet of space used in McCormick Place.

There will be 45 major gardens in the Show, along with special exhibits including birds, fish, stamps and others.

Ten thousand members of the more than 200 garden clubs that make up the Garden Club of Illinois have been waiting anxiously for information about the 40th Annual Spring Flower Show. The fire that destroyed McCormick Place Jan. 16 disrupted original plans.

A decision to relocate was reached when it was agreed that the entire show could be accommodated at the International Amphitheatre on the dates originally set from March 11 through the 19th.

The theme of the show is Chicago — Past — Present and Future. The show was originally planned to occupy an area larger than in any past year.

## Illinois Bell Returns To Normal After Storm

As winter relaxed its grip, Illinois Bell Telephone gradually returned to normal operation in Antioch after mobilizing its forces to keep a record-breaking volume of calls moving over a communications network that stood up against the worst snowstorm in local history.

Jerry Babb, manager, pointed out that although many callers experienced delays during the storm and its aftermath, Illinois Bell's lines were able to carry more than three times the normal traffic load over sustained periods.

Jerry Babb said, however, that the heavy load caused no equipment breakdown in central offices, thanks to the fast, efficient dial equipment now in use. As for Illinois Bell's vast network of outdoor equipment, it too weathered the storm virtually unscathed—this due to the high ratio underground cable and storm-resistant lines.

Throughout the Illinois and Indiana suburbs, telephone people, like everybody else — found their biggest problem Friday was in getting to work. But thousands of them did fight their way through the snow to their jobs. Many arrived on foot, some on motor-powered sleds and one Indiana man even arrived on horseback. Those unable to reach their regular offices, reported to the nearest telephone office for duty.

Jerry Babb said the telephone people were assembled into three task forces. One manned all available switchboards to cope with the volume of operator-

handled calls—toll calls, requests for calling assistance, for telephone information, and details on local developments. Men and women from all departments pitched in at the boards.

Another force gathered in the central offices to help keep the switching systems operating properly under the constant high volume of dialed calls.

And the third group mobilized the company's fleet of trucks to transport telephone workers to and from work. In some cases, they assisted doctors and nurses in reaching hospitals and patients, delivered medical supplies to isolated homes, and in nearby Indiana, where the National Guard was called out, helped guardsmen report to their stations.

Many telephone people, once on the job, remained there into the weekend. Cots, blankets and food were brought into most offices and the doors were opened to stalled motorists and others stranded by the storm.

In some cases "guests" were pressed into service, particularly women with private switchboard experience. All in all, said Babb, the company is proud of the way its people responded to the emergency, and grateful for the cooperation and understanding of its customers here in Antioch.

"And," he added, "we sincerely hope nothing like this happens again soon."

Some early American Indian tribes cremated their dead.

## P.Q. Is Important Says Lecturer

The Illinois Chapter of the American Ass'n. of Inhalation Therapists is holding its annual Seminar at the Pick Congress Hotel, Chicago, February 1st, 2nd and 3rd. This Seminar is under the direction of Mrs. Agnes M. Forrest, director of Inhalation Therapy, St. Francis Hospital, Evanston.

The Seminar will feature demonstrations and exhibits of the latest equipment in the field of Inhalation Therapy. There will also be a number of prominent medical men as lecturers.

Featured speaker at the banquet (the closing banquet) February 3 at the Pick Congress Hotel at 7 p.m. will be Patricia Clafford, whose intriguing subject will be "Make Personality Work for You."

Miss Clafford, whose vocation and avocations have made her internationally famous, tells women "Your personality, not your face is your fortune," and tells them why. She tells men that their P.Q. (Personality Quotient) is as important as their I.Q. (Intelligence Quotient).

She lives up to her own beliefs. Her vocation and avocations have taken her on far journeys and she has met and visited with many of the greats of the world. A sumptuous tea at the White House is one of her treasured memories. Many of her writings are appearing in magazines and newspapers around the country and five thousand copies of one of her prize-winning sonnets have gone around the world.

There are now about 2,000 cities in the world with over 100,000 population.

IN THE CIRCUIT COURT OF THE 19TH JUDICIAL CIRCUIT, LAKE COUNTY ILLINOIS PROBATE DIVISION

ESTATE OF FRED G. CHAPP DECEASED, FILE NO. 67P-52

Notice is hereby given pursuant to Section 104 of the Probate Act, of the death of the above named decedent and that letters Testamentary were issued on January 26, 1967, to Dortha Runyard Chapp, R.R. 2, Box 20, Antioch, Illinois, whose attorney of record is Ted C. Larson, 388 Lake Street, Antioch, Illinois, and that, the first Monday in the month of March, 1967, is the claim date for the estate.

Claims against said estate

should be filed in the Probate office of the Clerk of said Court, County Court House, Waukegan, Illinois, and copies thereof mailed or delivered to said legal representative and to said attorney.

STEPHANIE SULTHIN Clerk of the Court (Feb. 2-9-16, 1967)

LEGAL NOTICE

Notice is hereby given that nominating petitions for candidates for election of members to the board of education of the Antioch Community High School, District No. 117 shall be filed with the Antioch Community High School, 1133 South Main Street, Antioch, Illinois.

Filing hours: 7:30 a.m. to 4 p.m. Monday through Friday and from 8 a.m. to 12 o'clock noon on Saturday.

The first date for filing petitions is February 22, 1967, and the last date for filing petitions is March 18, 1967. Election will be held April 8, 1967.

Two members are to be elected for full terms.

Roger Prossie Secretary (Feb. 2, 1967)

LEGAL NOTICE

Notice is hereby given that nominating petitions for candidates for election of members to the board of education of the Grass Lake School District No. 36, shall be filed with Mr. John Schockmel at the Grass Lake School office located at Grass Lake Road, Antioch, Illinois.

Filing hours: 8:00 a.m. to 4:00 p.m. on Monday through Friday and from 9:00 a.m. to 12 noon on Saturday, March 18, 1967.

The first date for filing petitions is February 22, 1967, and the last date for filing petitions is March 18, 1967. Election will be held April 8, 1967.

Two members are to be elected for full three year term and no members to fill a one year vacancy and no members to fill a two year vacancy.

Nominating petition and statement of candidacy shall state whether candidate is seeking full term or a specified unexpired term giving length of unexpired term.

EARL J. BEESE, Secretary, Board of Education, District No. 36 (Feb. 2, 1967)

Interest Income Must Be Reported

Taxpayers who receive dividend or interest income are required by law to give their tax account number to the organizations that pay the income, according to E. C. Coyle, Jr., District Director of Internal Revenue for Northern Illinois. For individual taxpayers, the tax account number is the Social Security number.

Business firms are required to report to IRS dividends or interest of \$10 or more paid to anyone during a calendar year. The information returns, Forms 1099, are compared with individual income tax returns to see if income is reported in the full amount.

Firms must also furnish a statement of total payments for the year to persons receiving dividends and interest amounting to \$10 or more.

There are more than 4,800 miles of canals in the Netherlands.

Business is fully set-up by company. There is no selling or soliciting. Income will start immediately. For Personal Interview in your city, write and include your phone number to:

## Lindenhurst News

By Mrs. Bernice Bernau Elliot 6-5649

Citizens Party Caucus

The Lindenhurst Citizen's Party will hold their slate-making caucus at the home of Mr. and Mrs. Floyd Stanley, 76 Brook Lane, Sunday, February 5, at 3 p.m.

The purpose of the Caucus is to finalize the slate of candidates that the party will present for the next elections for village trustee.

The candidates proposed by the Citizen's Party will be seeking the seats currently held by Mike Fidanzo, John Gibbons and Richard Finley.

All three incumbents are running again as Independents.

On TV Sunday

Judi Rolin will be seen on the Tonight Show, Sunday evening at 10:30 p.m.

She will be with Jan Pearce again. This will be the third or fourth time she has been on the same program with him. If you are new to the community, you may not know that Judi is from Venetian Village.

Teen Dance

The Lindenhurst-Lake Villa Teen Club is holding their monthly dance Friday, Feb. 3, at the Lindenhurst Civic Center. Dancing music will be provided by the "Town Cryers," a local group. Members of the Lindenhurst Citizen's Party chaperone all affairs held by the group. Parents are always welcome to come and watch.

Prince of Peace Church

Friday of this week is the First Friday of February. Confessions will be heard on Thursday, 4-5 and 7-8 p.m. Masses on Friday will be 7 and 9 o'clock.

Friday will be the Feast of St. Blase. Throats will be blessed after the 7 and 9 o'clock Masses and at 7:30 in the evening.

Members of the Altar and Rosary Sodality will receive Communion next Sunday at the 8 o'clock Mass.

Sacristy workers on February 5 are Marcia and Teresa Rosol.

St. Mark Lutheran Church

The Rev. Leo Letellid, Missionary from Madagascar, spoke at St. Mark's Lutheran Church last Sunday, in the absence of Pastor Nelson, who was away in the Pontiac area, for a four day period. He was chairman of the Evangelism Committee for the Illinois District and had a part in the Preaching-Teaching-Mission.

Mrs. Awe and Mrs. Kelly have taken instructions in methods of book repair, and are now beginning a general repair of all hymn books needing repair.

Family Altar kits have been ordered for all who signed up on the bulletin board.

Membership Orientation class will be organized on Monday, Feb. 6, at 7:30 p.m. Anyone who wishes may enroll for this 8 to 10 week course, without any obligation.

Arrangements are being made to have pictures taken of every family for the Directory. If you have not been contacted yet, call Mrs. Arlene Swanson, 356-5980 for your time and sitting. There is no charge. Pictures are by families, even though only one member of the family is a member of the church. All pictures will be taken on Saturday or on Sunday.

The Mary-Martha Circle will meet today (Feb. 2) at 1 p.m. in the home of Mrs. Vernon Rihimaki.

First Child

Philip and Janet Fabry, 112 N. Hickory Dr. welcomed their first child at St. Therese Hospital Sunday morning, January 22. The dark haired little girl has been named Wendy Lee. She weighed in at 6 pounds, 4 ounces.

The proud grandparents are Marge and Gus Fabry, 2126 Fairfield Rd., Lindenhurst and Ralph and LaVergne Schneider of West Mifflin.

Janet was guest of honor at a baby shower Thursday evening in the home of Mrs. Alice Moran in Waukegan and another shower Friday evening given by her mother-in-law, Sunday afternoon, her aunt, Mrs. Dorothy Schneider of Round Lake had a shower for her but the guests were the ones who

## Airman Tends "Bladder Bar" For Jet Aircraft

U. S. AIR FORCES, Southeast Asia - Airman Third Class Steven J. Morby, son of Mr. and Mrs. Raymond J. Morby of Rt. 2, Lake Villa, works at a forward U.S. Air Force combat base in Southeast Asia in one of the most unusual support activities of the Vietnam war.

His job pays off when a USAF aircraft taxis up to the flightline "bladder bar" to take on jet fuel.

Airman Morby is a fuel specialist in a unique, joint U. S. military project that stretches some 7 1/2 miles from his base. The project assures that ample fuel for jet fighter aircraft flying combat is stored in huge rubber tanks or "bladders" at the base.

The operation begins when a fuel-laden Military Sea Transport Service vessel

anchors off the coast and Navy Seabees couple underwater pipes through which 90,000 barrels of fuel flow ashore. Army operated pumping stations then start the liquid on its winding way across the hot, sandy beach and rugged terrain.

Five miles inland, Airman Morby's unit takes over. A seven-man USAF crew operates a monitoring station that filters and checks the liquid before it is temporarily stored for additional purification.

Then the liquid is pumped through twisting, temporary piping over the toughest two miles of the route.

The line crawls through brush inhabited by poisonous snakes and crosses swampy water on a swinging bridge at the end of the line near the final filtering storage tanks. Members of Airman Morby's unit cover the rugged terrain daily as they inspect the piping and its 2,000 joints.

At the base, they give the fuel a final filtering, test and store it in the "bladders" for transfer by special pumping units to waiting aircraft.

Airman Morby, who was reassigned from Amarillo AFB, Texas, in July 1966, is a graduate of Warren Township High School, Gurnee. He attended Orlando (Fla.) Junior College.

were surprised, when the guest of honor didn't show up. Mrs. Fabry and Mrs. Schneider opened up the packages for their new grand-daughter.

Birthday Greetings

Happy birthday greetings to Jeffrey Kockler, Joan Vilek, Joan Bunkelman, Zenia Neumann, Harry Nelson, Shirley Heidner, Jane Lindberg, Kathy Neubauer, Linda Spiegl, Mary Wiczorek, and Ray Tiedeman.

Birthday Party

Ten year old Ray Whitle of 55 N. Longmeadow Drive, celebrated his birthday Jan. 21, by taking his two boy friends, John Hay and Joe Lisk, bowling at the Fox Lake Bowl.

Women's Club Bowling Party

The Lindenhurst Women's Club is having their second bowling party on Saturday, February 25 at the Sunset Lanes in Waukegan, starting at 8 p.m. For reservations call Joy Manuel or Rae Gibbons. Husbands are invited. If you don't bowl, perhaps you would like to go along and watch.

Card Parties

Members of the Lindenhurst Women's Club are selling tickets for their annual Card and Bunco party slated for March 29 at the Civic Center, starting at 8 p.m.

The Mother's Auxiliary of Cub Scout Pack 84 are also selling tickets for their annual Card and Bunco party scheduled for March 7 at the Lindenhurst Civic Center.

March 15, (Ides of March) is the day the Lindenhurst Citizen's Party is holding their Card and Bunco party. This gala will be at the B. J. Hooper school on Sand Lake Road.
